

Omar Elalfy

Address: Haram, Giza.

Mobile: (+2) 01144421744

Email: omaralfy@gmail.com

LinkedIn: [Omar Elalfy](#)

Objective

My goal is to be prepared to enter the market after graduation while looking for appropriate opportunities to advance my career and enhance my talents. By taking part in internships, student activities, and events, I hope to reduce the distance between academic and real-world experiences and increase my experience.

Education

Faculty of Computers and Artificial Intelligence, Cairo University (CU).

Present

Department: Information Technology.

Grade: Very Good.

Summer Training

Trainee, National Telecommunication Institute (NTI).

July 2023 – August 2023

- Soft skills
- Cybersecurity

Experience

September 2022 – May 2023

Information Technology (IT) Member at SCCI

- Coded using HTML, CSS, JavaScript and PHP to develop features for both mobile and desktop platforms.
- Produced websites compatible with multiple browsers.

December 2021 - May 2022

Techsolve participant at SCCI

- Proved successful working within tight deadlines and fast-paced atmosphere.
- Using Arduino and hardware components like sensors, wires, motors, and much more, I combine hardware and software to solve problems. I can even build a robot using it by writing code to make the hardware and software work together.

Courses

August 2023

- **CISCO Cybersecurity**, Hosted by National Telecommunication Institute (NTI)

June 2023

- **Computer Network Fundamentals**, Hosted by Maharatech platform
- **OWASP Top 10 (Web)**, Hosted by Maharatech platform

August 2022

Gaming using Unity, Hosted by Faculty of Computers and Artificial Intelligence.

Skills

- Front-end (HTML, CSS, JavaScript, jQuery, Bootstrap).

- PHP, MySQL
